## **S6 Mock Interviews**

Recently the sixth years were perfecting their interview techniques during challenging mock interviews. They were to choose between 2 jobs; a sales manager or an administration assistant and submit an application form containing a detailed personal statement. Applicants were then given separate interview times with different local business professional who are experienced in the interview set up. Each pupil had a 20 minute interview with there designated business person and in this time they were asked a range of questions including why they would be good at the job, a time they had to change a weakness into a strength and also why they wanted the particular job. After the interviews each applicant was given feed back from there interviewee so they knew for the future what they did good and what things they need more practise at. The arranging of

this event took a lot of time and organisation so Mr Ferrara and Mrs McClure deserve our thanks for setting up this worthwhile project. All the business people who kindly gave up there time must also be thanked and your honest advice was greatly appreciated.
