

McWHITERS APARTMENTS BRISBANE

Located in a heritage listed former department store, **McWhiters Apartments** are an innovative solution to inner city apartment living in the "New York Loft" style.

The huge footprint of the old building allowed spacious multi-level apartments and large open-to-the-sky internal courtyard areas. Ambience in the apartments is enhanced by high (4m) ceilings and large window areas that are double glazed, and often partitioned by sunrooms, to ensure acoustic livability in the midst of one of Brisbane's liveliest night-time areas.
